# THE Eleanor Mary Ramsay Scholarship

*"Education simply transforms lives.*

*There is no other more powerful tool to disrupt intergenerational poverty and disadvantage; there is no more powerful tool to unlock the potential for a successful, happy and worthwhile life than education."*

*Professor Eleanor Ramsay*
*1949 – 2017*

Professor Eleanor Ramsay was a champion of education. She will be remembered for her lifetime contribution as a gifted teacher, far-sighted colleague, skilled researcher and wise community leader who stood up for the importance of a good education for all young people. Most especially, Eleanor was a pioneer in developing policy and practice to ensure women in education, be they young girls or experienced teachers, should have the same opportunities as their male colleagues. Not only as a matter of justice for the women themselves, but for the good of our whole society, ensuring the talents of all are developed to the maximum extent, for the benefit of all.

The Eleanor Mary Ramsay Scholarship will create life-changing opportunities for young women in their final years of secondary schooling. It will provide financial support for Tasmanian girls, wherever they may now be studying, to complete Years 11 and 12 at St Michael's Collegiate. In Eleanor's memory, girls will be empowered by opportunity, nurtured with academic guidance and supported by lifelong networks.

*Girls will change the world for the better, if only we give them the chance.*
